MERCURY DROPS TO
26 DEGREES BELOW.
 City All Frozen Up Early Tuesday
 Morning—Pumping Station Record
 21 Degrees Below Zero.

As if not satisfied with furnishing more snow than Willimantic has seen for some time, in answer to the general complaints about the rainy, warm winter, the Weather Man exceeded himself and produced the coldest night and early morning of the season Monday and Tuesday.

The temperature, as reported at drug stores, homes and other places, ranged all the way from 6 or 3 below zero to as low as 24 or 25, the cold being most noticeable from Monday evening until early Tuesday morning, and causing many pipes to freeze, whose owners had so far this year been exempt from plumbing bills. The lowest recorded was at H. Dion's store, where the mercury stood at 26 below at a little after 6 o'clock Tuesday morning. At

Automobiles Having a Vacation.
 Those who have been using automobiles throughout the winter so far, and the number is large, for business trips to the surrounding towns, have had to give up all journeys of that sort in the past few days, as the traveling has been next to impossible. A spare or a shovel is a handy tool to have along on one of those trips nowadays.

Box Car Knocks Another Off the Iron.
 There was a freight car collision in the local yards Monday afternoon about 2 o'clock when a box car which was standing on the tracks east of the station was shunted off by the four-wheel car which was making a coupling, and took a solitary journey down the incline into the yards of the American Thread company, colliding with another car standing on the track there, and knocking it off the tracks. The Thread company's engine coupled to the car which was hit, and the shock of the collision damaged it somewhat.

 A young man of 26 who gave his name as Nathan Lawrence, and who lived at home as New London, is in the local police station charged with obtaining money under false pretences. He went into the New Idea Store on Main street about six o'clock on Tuesday evening and purchased \$22.45 worth of shoes, rubbers, and other articles, offering to pay with a Windham National bank check for \$65, payable to Frank Daniels and signed by L. B. Brockett. The young man entered the store and returned with a cash and a check of the proprietor, H. Rosenberg, for \$33.25. After he had gone out Mr. Rosenberg found this last check and a check of the Windham National bank check for \$65, payable to Frank Daniels and signed by L. B. Brockett. He thought something was wrong and called up E. E. Bass, cashier of the Windham National bank at his home. Finding there was no account at the bank in the name of Brockett he notified the police who found the man in Mayor Dunn's store on Railroad street at about 3.30. Lawrence said he worked for Mr. Brockett in Norwich a year ago, but gave no reason except intoxication for his fraud.

Prince Albert is so friendly and so all-fired-good

that it just makes a man sorry-like that he didn't get onto this pipe thing and cigarette rolling stunt a-while-ago. He counts it lost time quick as the joy's goodness of this P. A. tobacco gets firm set into his happiness division. The patented process fixes that—and cuts out bite and parch!

Men, it's so easy to get on the right track for straight-ahead-action—and the ride only stands you 5c or 10c—that it sure is due you, due your tongue, due your contentment-container to know how much you'll like

Watch your step!

It's easy to change the shape and color of usual pipe brands to imitate the Prince Albert pipe, but it is impossible to imitate the flavor of Prince Albert tobacco! The patented process protects that!

PRINCE ALBERT

the national joy smoke

That tobacco appetite of yours, when it gets-going-good, is as fierce as a baby's cry for milk! Right now, while you feel it digging in, do that little old tree act—leave for the nearest store that sells tobacco! And get yours!

Because Prince Albert, jammed into a jimmy pipe or rolled into a makin's cigarette, taxes the joy-speed-limit! And you'll get the listen of what that means the minute you put some P. A. next to a match! You'll get flavor and aroma and coolness that will set-to-rest-for-all-time any odd notions you ever concocted about pipe-pleasure and makin's pleasure!

All over the U. S.—and in every civilized country in the world—you'll find P. A. cheerily awaiting you!—handy-do in topper red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors—any in that curving-fine crystal-glass container with sponge-mistaken for that not only keeps the tobacco in such clearer trim, but is such a nifty thing to have about!

STAFFORD SPRINGS

Fire Damage of Over \$1,400 to Building Owned by John Kane—Tuesday Morning's Temperature 27 Degrees Below Zero.

The building owned by John Kane on Willington avenue was badly damaged by fire which started probably from a defective chimney, about 11 o'clock Tuesday morning. The firemen responded promptly to the alarm but had some difficulty with bursting hose after the water was turned on, and this delayed their work somewhat. The first floor was occupied by George Panclena as a saloon. He had his stock insured and will not be as heavy a loser as the others, although he has some damage from smoke and water.

Alexander Baker and family occupied the second floor. They carried no insurance and were able to save only a small portion of their goods. The building was insured for \$1400, but it is thought that the damage will considerably exceed this amount.

27 Degrees Below Zero.
 Tuesday morning was by far the coldest of the winter in Stafford Springs, the thermometer registering in some places as low as 27 below zero. The heavy fall of snow has made very hard traveling for the rural mail carriers for the past two days.

Fred Willey is in Boston on a business trip for a few days. Frank Roberts of Brooklyn, N. Y., has been visiting Mr. and Mrs. Peter Roberts on Westford avenue.
